Truck features:

- Unique option for heavy duty applications an easy positioning.
- A connection between the tow bar and the steering wheels transfers the force from the pump stroke to the wheel to get the truck started.
- The Quick Lift is the best ergonomic choice, because the number of pump strokes are reduced.
- With over load limitation you protect the truck floors from being over loaded.
- This unique Pro Lifter pump can be assembled on any length or width on a LHM230 including reel drum handling.
- Intended for indoor applications.
- This product has been environmentally declared.
